

CHOWVEST TERMS AND CONDITIONS

1. Introduction

ChowVest provides a platform that allows users to lock in the price of food staples and save gradually toward delivery. By using our website or app, you agree to these terms.

2. Savings Plans

- You choose a staple and a target amount (e.g., 50kg bag of rice).
- The price is locked for up to 90 days from the start of your savings plan.
- You can save in installments via bank transfer or card.
- Once you reach the full target amount, we will arrange delivery.

3. How We Manage Your Savings

- Your savings are pooled with those of other users.
- A portion of the pooled funds is used to purchase physical inventory (e.g., rice, beans) in bulk.
- The remaining portion may be invested in low-risk, short-term financial instruments such as treasury bills, money market funds, or government bonds.
- Any returns generated from these investments help cover the cost of price-lock guarantees and operational expenses.
- You do not receive individual interest or returns on your savings; the benefit you receive is the locked price and eventual delivery of food.

4. Price Lock

- The price you see at the start of your plan is guaranteed for the duration of the plan.
- If market prices fall before delivery, we will pass the lower price to you (you pay the lower amount).
- If market prices rise, you still pay the original locked price.
- The price lock expires after 90 days. If you have not completed savings within that period, the lock no longer applies, and you may pay the current market price (or request a refund subject to our cancellation policy).

5. Cancellations & Refunds

- You may cancel your savings plan at any time.

- A cancellation fee of 5% of the amount saved so far will be deducted to cover administrative, transaction, and investment-unwinding costs.
- Refunds will be processed within 3-5 business days.
- Once we have purchased inventory or entered financial instruments on your behalf, cancellation may not be possible, based on the value of inventory already purchased on your behalf.

6. Delivery

- Delivery is available only within the zones we specify.
- Estimated delivery time is 2–7 days after you complete your savings target and request delivery.
- We are not liable for delays caused by third-party logistics providers or events outside our control.

7. User Responsibilities

- You must provide accurate contact and delivery information.
- You are responsible for keeping your savings account secure.
- You must be at least 18 years old to use the service.
- You must prove your identity through our KYC verification
- We may require additional identity verification before processing large savings plans or deliveries.

8. Limitation of Liability

- ChowVest is not liable for indirect losses (e.g., loss of profit, data, or reputation).
- Our total liability to you is limited to the amount you have saved with us.
- We are not liable for failure to perform due to events beyond our reasonable control, including but not limited to natural disasters, government actions, strikes, or supplier failures.

9. Changes to Terms

- We may update these terms from time to time. Continued use of the platform means you accept the changes

10. Marketplace Purchases (Instant Buy)

- In addition to savings plans, ChowVest may offer an online marketplace where you can purchase food staples instantly at current market prices.
- Marketplace orders are fulfilled by third-party sellers (e.g., local shop owners, distributors) or from our own inventory once available.
- Payment is required in full at the time of order or at delivery.
- Delivery timelines and fees vary by seller and location; you will see these before completing your purchase.
- Marketplace purchases are **not** subject to price-lock guarantees. The price you pay is the price at the time of order.
- Returns or refunds for marketplace purchases are subject to the individual seller's policy or applicable consumer protection laws.

11. Relationship Between Savings and Marketplace

- You may use both services independently. Savings plan funds cannot be used for marketplace purchases unless you explicitly cancel your savings plan (subject to cancellation fees).
- ChowVest may use marketplace sales data to improve inventory planning and pricing for savings plans.

12. Marketplace Refunds, Returns & Damaged Goods

- If you receive a damaged, expired, or incorrect item from a marketplace order, you must notify ChowVest within **24 hours** of delivery, with photo evidence.
- We will investigate and, if confirmed, offer one of the following:
 - **Full refund** to your original payment method, or
 - **Replacement delivery** (if available within 48 hours), or
 - **Credit** to your ChowVest wallet for future marketplace purchases.
- Change of mind (e.g., you no longer want the item) is not eligible for refund unless the seller explicitly offers a return policy.
- Perishable goods (e.g., fresh food) once opened or used cannot be returned.
- Delivery fees are non-refundable unless the error was caused by ChowVest or the seller.
- Refunds will be processed within 7 business days after approval.

13. Disputes Between You and Marketplace Sellers

- ChowVest acts as an intermediary. We will help resolve disputes but are not liable for the quality, safety, or legality of items sold by third-party sellers.
- You agree to attempt resolution with the seller first. If unresolved, ChowVest may step in to mediate.

14. Governing Law

These terms constitute the entire agreement between you and ChowVest. If any part is found unenforceable, the rest remains in effect.

- These terms are governed by the laws of the Federal Republic of Nigeria.

15. Contact
